BAROSSA VALLEY RESORT

A SHARED VIEW OF WHERE YOU BELONG

## The Novotel Barossa Valley Resort

A restful haven nestled among the vines, within an hour drive from Adelaide, The Novotel Barossa Valley Resort is adjacent to the 18 hole Tanunda Pines Golf Course and boasting panoramic views across the Barossa Ranges and Jacobs Creek Vineyards.

Ideally located just minutes from the historic township of Tanunda, the best of the Barossa is quite literally on our doorstep.

Before you can even begin to explore the region itself, spend a night at the Resort simply soaking up the breathtaking Barossa scenery from your spacious balcony- kicking back and maybe sipping a glass or two of shiraz from one of the neighbouring vineyards.

## Accommodation

Each of our 140 refurbished guestrooms and apartments highlight a contemporary design which blends seamlessly with the natural beauty of the Barossa. All rooms feature a private balcony from which to enjoy the scenic views of this special region. In-room amenities provide an extra level of comfort during your visit.

## The Cellar Kitchen

The Barossa has a deep history of winemaking and farming that is firmly rooted in the unique earth that makes its produce and wine so sought after.

Our restaurant brings the Barossa directly to your table. Working with small local farmers and growers we create seasonal menus that reflect the unique terroir of the Barossa and showcase its extraordinary produce.

## Our Team

Our team of "Heartists" share a passion for hospitality and the Barossa region. We love to share our favourite Barossa places and experiences with our guests. With so much to see and do you will be planning your return visit with our team at the end of your stay.

## Meetings and Events

A dedicated function area with a wide foyer offering eight flexible function rooms, a dedicated bar, bathroom facilities and ground level access. Our conference facilities inspire collaboration with an indoor-outdoor feel. All meeting rooms offer natural light while our largest space features floor to ceiling windows with a balcony overlooking the vineyards of the Barossa Valley floor. The multi-use spaces are the best place to bring your team away from the office and our regional location provides the perfect environment away from distractions.
